Reply Comment Due: August 24, 2022

By this Public Notice, the Wireline Competition Bureau (Bureau) seeks comment from interested parties on an application filed by Mercury Holdings, Inc. (MHI or Transferor), Mercury Wireless Indiana, LLC (MWI), Mercury Wireless Kansas, LLC (MWK, and together with MWI, Licensees), and NCP Mercury AIV LP (NCP Mercury or Transferee) (collectively, Applicants), pursuant to section 214 of the Communications Act of 1934, as amended, and sections 63.03-04 of the Commission's rules,¹ requesting consent to transfer control of MWK and MWI to NCP Mercury.

MHI, a Kansas corporation, currently holds 92.71% of the equity and voting interests in Mercury Broadband, LLC (Mercury Broadband), a Kansas limited liability company and the direct parent and sole member of Licensees.² MWK is a limited liability company organized under the laws of Indiana, an Eligible Telecommunications Carrier (ETC) in Illinois, Kansas, and Missouri, and currently provides wireless broadband and voice services in Kansas and Missouri.³ MWK receives Connect America Fund (CAF) Phase II Auction 903 support in Kansas and Missouri.⁴ On July 14, 2022, the Bureau authorized MWK to receive \$8,228,680.40 in Rural Digital Opportunity Fund (RDOF) Auction 904 support to provide service to 13,450 locations in Kansas, Missouri, and Illinois.⁵ MWI is a limited liability company

¹ See 47 U.S.C. § 214; 47 CFR §§ 63.03-04; Application of Mercury Holdings, Inc. and NCP Mercury AIV, L.P. for Domestic Section 214 Transfer of Control, WC Docket No. 22-279 (filed July 21, 2022) (Application). Applicants are also filing applications for the transfer of authorizations associated with wireless services. Any action on this domestic section 214 application is without prejudice to Commission action on other pending applications.

⁴ *Id.* Applicants state that MWK has satisfied the 40% milestone requirement in Kansas and Missouri and has submitted the requisite information to the High-Cost Universal Broadband (HUBB) to demonstrate such compliance. Application at 2 n.1. See *Connect America Fund Phase II Auction Support Authorized for 2,413 Winning Bids*, WC Docket No. 10-90, AU Docket No. 17-182, Public Notice, 34 FCC Rcd 5966, Attach. organized under the laws of Indiana, an ETC in Indiana, Michigan, and Ohio, and provides wireless broadband and voice services in Indiana and Michigan.⁶ MWI receives CAF-II support in Indiana, Michigan, and Ohio.⁷ On July 14, 2022, the Bureau authorized MWI to receive \$53,493,220.80 in RDOF support to provide service to 109,296 locations in Indiana, Michigan, and Ohio.⁸

NCP Mercury is a Delaware limited partnership that was formed for purposes of the transaction to acquire indirect control of Licensees through its direct wholly-owned subsidiary, Mercury TopCo, LLC (Mercury TopCo).⁹ NCP Mercury and Mercury TopCo are holding companies and do not hold any Commission licenses or authorizations or provide telecommunications services.¹⁰ NCP Mercury is ultimately controlled by Northleaf Capital Group, Ltd. (Northleaf), a Canadian investment entity.¹¹ Applicants state that Northleaf is controlled (50.1%) by its three founders, Michael W. Flood, Jeffrey E. Pentland, and Stuart D. Waugh, all Canadian citizens, and certain other members of its senior leadership team, who generally vote in a block pursuant to a shareholders' agreement.¹² Armstrong, L.P., a Canadian entity, holds the remaining 49.9% non-controlling interest in Northleaf.¹³ Applicants state that other than the three founders, none of the other senior leadership team holds a 10% or greater interest in NCP Mercury.¹⁴ Applicants state that neither NCP Mercury nor Northleaf are affiliated with any domestic telecommunications carriers.¹⁵

Through a two-step transaction, NCP Mercury will acquire indirect control of the Licensees. According to Applicants, "First, Transferor will contribute its interest in Mercury Broadband, the direct parent of Licensees, to Mercury TopCo in exchange for preferred units in Mercury TopCo. As a result, Mercury TopCo will become the direct parent of Mercury Broadband and the indirect parent of Licensees, both of which will remain direct, wholly owned subsidiaries of Mercury Broadband. Second, Transferor, Transferee and Mercury TopCo will enter into an Amended and Restated Limited Liability Operating Company Agreement of Mercury TopCo, Inc. ('LLCA'), pursuant to which NCP Mercury will acquire

section 214 of the Act, or to engage in the sale of assets under section 214 "must first receive approval from the Commission in accordance with sections 63.03 and 63.04 of the Commission's rules governing the procedures for domestic transfer of control/asset applications. Transfers of control and assignments of international section 214 authorizations are separately subject to section 63.24 of the Commission's rules. Except where the Commission has forbore from the application of section 214, this requirement applies to all transfers of control or asset acquisitions involving ETCs.").

⁶ Application at 2, 10-11, 24.

⁷ *Id.* at 3. See *CAF Phase II Public Notice* at Attach 1. Applicants state that MWI has satisfied the 40% milestone requirement in Indiana and has submitted the requisite information to the HUBB to demonstrate such compliance. In addition, they state that MWI is on track to timely satisfy this obligation in Michigan and Ohio. Application at 3 n.3.

⁸ Application at 3; *RDOF Public Notice* at Attach. A.

⁹ Application at 3. Although Mercury TopCo it is currently wholly-owned by NCP Mercury, MHI will hold a minority interest in Mercury TopCo following consummation of the transaction. *Id.* at 15-16. Applicants state that NCP Mercury will temporarily hold nearly all of its financial interest in Mercury TopCo in the form of convertible debt, and that the parties intend for NCP Mercury's financial interest to convert to equity following the occurrence of certain conditions. *Id.* at 12 and n.15.

indirect control of Mercury Broadband (and Licensees) by virtue of its control of the board of managers ('Board') of Mercury TopCo. Specifically, the LLCA provides that, upon receipt of the required regulatory approvals, NCP Mercury will have the right to designate up to four (but no less than a majority) of the five members of the Board of Mercury TopCo and, as such, will control the Board. The remaining Board seat will be designated by Transferor.”¹⁶

Applicants assert that a grant of the Application would serve the public interest, convenience, and necessity.¹⁷ They state that MWK currently provides wireless broadband and voice services in Kansas and Missouri, with additional network construction planned for Illinois as part of the RDOF buildout.¹⁸ MWI provides wireless broadband and voice services in Indiana and Michigan, with additional network construction planned for Ohio as part of the CAF-II buildout for end-of-year 2022 and as part of the RDOF buildout.¹⁹ They certify that the proposed transaction will not result in any alteration to MWK’s and MWI’s RDOF buildout plans or an increased debt load of the Licensees,²⁰ that MWK and MWI will continue to meet all obligations associated with RDOF and CAF-II funding,²¹ and that the transaction will provide “additional capital and managerial resources that will enable Mercury Broadband to accelerate the buildout of Licensees’ networks in Indiana, Michigan, Missouri, Ohio, Kansas, and Illinois, thereby advancing the Commission’s goal of ‘bridging the rural digital divide.’”²²

Because the proposed transaction would involve the exchange and assumption of Universal Service Fund high-cost mechanism obligations, in order to sufficiently analyze whether the proposed transaction would serve the public interest, we accept the Application for non-streamlined processing.²³

Applicants have made a showing that the Application falls into a category of exclusion from referral to the Executive Branch because it involves the transfer of control of carriers that hold only domestic section 214 authority.
